Dear Colleague,

Thank you very much for kindly sending me your treatise on inorganic ferments, especially platinum catalysis. After briefly reading through the treatise, I discovered many interesting points that I look forward to studying more thoroughly in the near future. Hopefully you will succeed in finding the reason

(page 2)

for the various mysterious phenomena in this subject area. I look forward to your further

studies with keen interest.

Kind regards.

Yours sincerely,

H. Bunte
